

ID 500 3 LIGHT KIT

The ikan ID 500

Kit Includes

3 ID 500 lights, AC Power, Remote Control, light stand carrying case, light carrying case.

Whether you're in the studio or on location, the newly designed ikan ID 500 is the perfect solution. Like other LED lights, the ID 500 is both lightweight and cool; and it requires far less AC power than incandescent lights. However, the ID 500 from ikan will give you the freedom to go anywhere with or without AC power...

Wireless Power Is Here

Gone are the days of being tethered to a power source. In addition to standard AC power you can enjoy hours of cool and portable light whenever and wherever you want with ikan Professional Batteries. Simply mount the Anton Bauer or Sony V Mount batteries directly to the ID 500, and you will have the freedom to shoot at any location your production demands.

Gold or V Mount battery plates

Remote Control for on/off and dimming control.
